

What is happening to our Community?

Why so many Supermarkets?

Is this making life better?

Low prices – but how is this achieved?

Creating jobs – but what kind?

Are living wages paid?

Fast – but is this all we want?

What is the real cost?

We are a group of local people who want to understand more about how the local economy works. We want to know who is driving these changes - who benefits and who loses out?
Join us in the first of a series of day workshops which will be asking

" Who is the Local Economy for?"
